Note: All of our needles are throat-in, not press-in.

Velocity Stack for Mikuni VM 30,32,34

This product has been developed on England's competitive classic motorcycle racing circuit. Improves air flow through the carburetor, resulting in more power at all RPM ranges. Some carburetor modification is required to mount these velocity stacks.

VM30 005-260
VM32 005-261
VM34 005-262

Mikuni Rubber Mounting Flanges
